Phone Bill Payment Due By The 25th Of Each Month

Telephone statements are mailed on the first of every month and are due by the 25th.

Disconnect notices will automatically be sent out if your payment is not received on the 25th by mail, by being deposited in the night depository, or received in person before 12 noon in our Farmer office, or before 5 p.m. in our Asheboro office.

Your service **will be disconnected** if payment has not been deposited in the night depository or received in person before 12 noon in our Farmer office, or by being deposited in the night depository or received in person or by mail before 5 p.m. in our Asheboro office by the **date indicated on the Disconnect Notice**.

For your convenience, you can pay your phone bill by **automatic bank or credit card draft** and save yourself time and money and never have to worry about your payment being late again.

If you choose to come into the office or utilize the **drive-thru window** to pay your telephone bill, please bring your entire bill, not just the top portion. This makes the payment process a lot quicker for you, because the customer service representative does not have to create a hand receipt.

Also, please make sure you have sufficient funds in your bank account before presenting us with your check to avoid having a \$20 returned check fee added to your account.

It is not practical for Randolph Telephone to make individual calls to members to remind them to pay their bills by the due date because of the cost and time involved. ■

A capital credit refund may be due you!

Capital Credits

Is Unclaimed Money Waiting On You?

Your capital credit allocations represent real dollars.

Capital credit refund checks are mailed to the last known address we have for you. If you move and do not inform us of your new address, then you may not receive your check. The post office will then return the check to our office. If we are unable to contact you through inserts in your bill (last complete list of capital credit returned checks is in the August,

2004 bills) or our newsletter, then after a legally imposed period of time, allocated amounts for these members will go into the State Escheats Fund.

Please keep us informed of address changes, and be sure to read the August bill insert to see if we owe you money, or if you can help us locate people or businesses that are owed money.

We appreciate your help. ■

Call Trace Could Be The Solution To Problem Calls

Call Trace is the answer you have been looking for to control nuisance, threatening, malicious or obscene phone calls.

By simply dialing *57 and following the instructions after a call to your number, Randolph Telephone will be able to record the telephone number of the person calling, your own telephone

number, and the date and time of the call. This information will not be provided to you. If you wish to follow up on the matter, you must call our Business Office within two business days to provide the date and time of the trace. You must also contact the local law enforcement authority to have them request the information on your behalf. Note, you will

incur per use charges whenever you activate this feature.

Please contact customer service at 336-879-5684 to get more information on Call Trace and for the current usage fees associated with this feature.

Put a stop to those nuisance, threatening, malicious or obscene phone calls. ■
